Quality & Certifications

Assured Standards. Trusted Globally

We are ISO 9001:2015 certified for quality management and OEKO-TEX® Standard 100 certified, meaning our fabrics are independently verified as safe from harmful substances.

Our processes are designed to ensure that every metre meets precise specifications, because even the smallest variation in colour, shrinkage, or weight can impact large-scale garment production.

About Us

Crafting Excellence in Every Thread

The roots of **Unitex** go back to a family textile business in the 1960s.

We've always believed that when you make a good product and treat people right, growth follows.

In 1993, we brought that experience together to establish **Unitex Synthetics India Private Limited** and created the brand **WOCKY TOCKY** with a clear focus on the uniform industry.

Today, we manufacture cotton, polyester, poly-cotton, poly-viscose, poly-wool, and stretch-blend fabrics for garment manufacturers, uniform designers, and institutional buyers across multiple industries.

Through a trusted network of dealers and distributors, our fabrics reach businesses across India and 19 countries worldwide - built on the same values of consistency, reliability, and long-term relationships.

The Defining Standard

**First impressions don't start with conversations.
They start with what you wear.**

BESPOKE Edition by **WOCKY TOCKY** is designed for modern businesses who understand that presence matters as much as performance. Structured silhouettes, refined colour palettes, and an ultra-soft finish come together to create uniforms that look sharp and perform effortlessly through long workdays.

The visuals in this book are not about fashion. They reflect how the fabric comes to life - how it falls, moves, and presents itself when tailored with intent.

From structured formals that hold their shape through a long day to flexible performance fabrics that move with you, this collection brings together style and functionality in a way that feels considered, not common.

This is more than a collection. It is a standard - quiet, confident, and uncompromising.

Luxury, not as the world sees it, but as you define it.
